Kunal Bhardwaj

Software Developer | Java • DSA • MERN Stack • Deep Learning • RAG • LangChain
India

Summary

Passionate Computer Science student and aspiring Software Engineer with strong interests in Problem Solving, Full Stack Development, and Artificial Intelligence. Solved 250+ DSA problems on LeetCode using Java, which helped me build strong analytical and problem-solving skills. Experienced in MERN Stack Development and building modern web applications. Also skilled in Machine Learning and Deep Learning concepts including ANN, CNN, and RNN. Currently exploring advanced AI technologies such as RAG (Retrieval-Augmented Generation), LangChain, and Agentic AI systems. I enjoy learning new technologies, building real-world projects, and combining software engineering with AI to create impactful solutions. Skills: • Java & DSA • MERN Stack Development • Machine Learning & Deep Learning • ANN, CNN, RNN • RAG & LangChain • Agentic AI • DBMS & Problem Solving Open to internships, collaborations, and opportunities in Software Development and AI Engineering.

Education

Poornima College of Engineering
B.Tech · (September 2024 - May 2028)

Poornima College of Engineering
Bachelor of Technology, Computer Science with specialization in AI · (2024)
